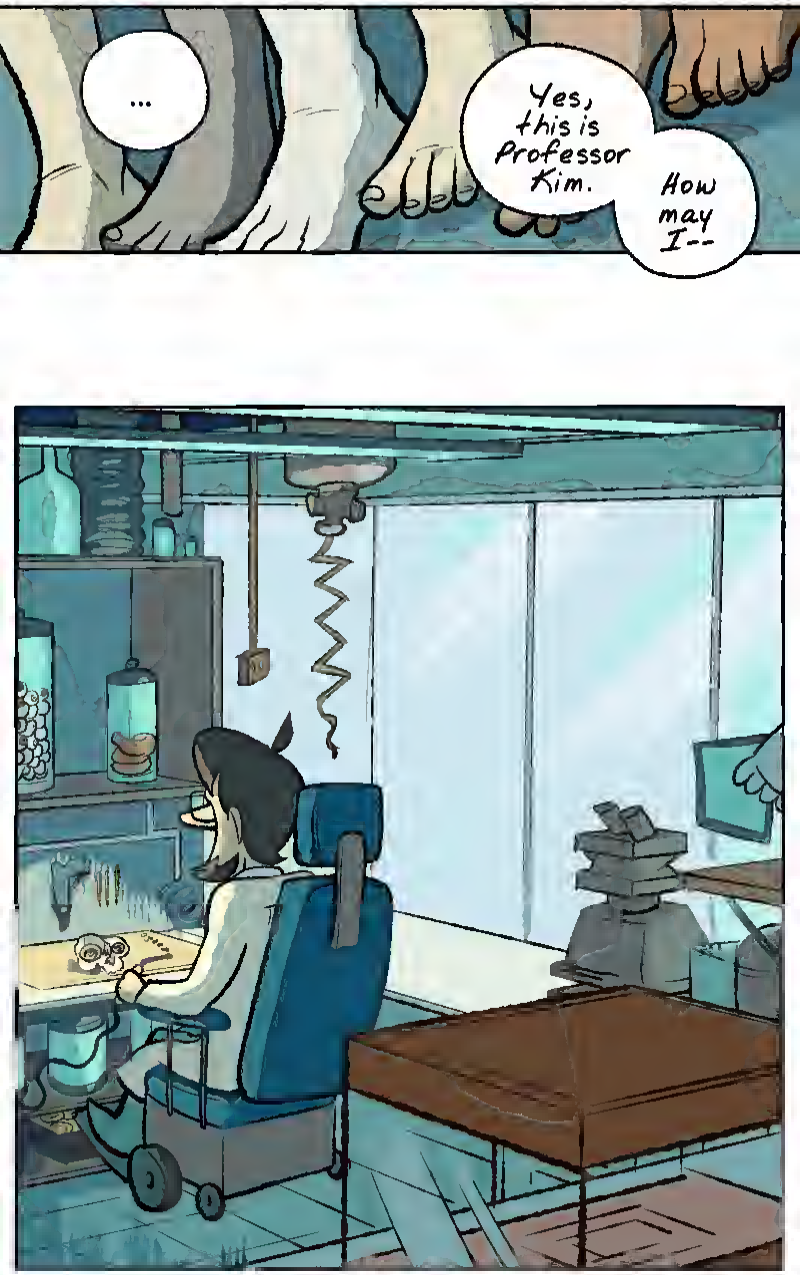
RWNG

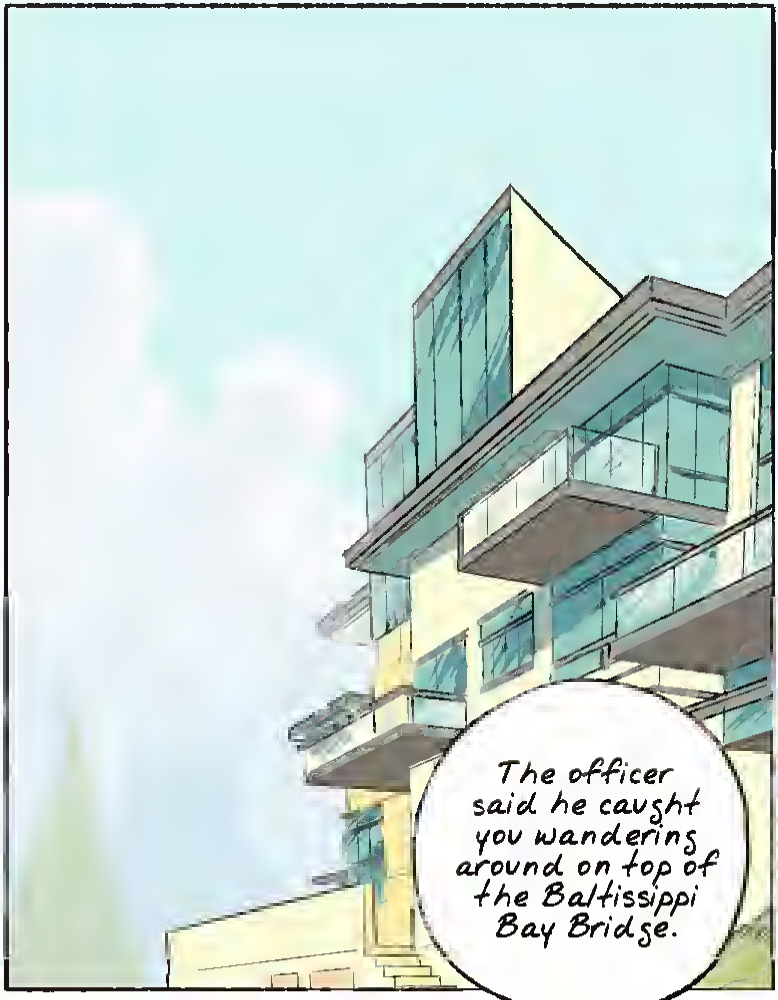
boom
RING RING!
RING RING!
RING RING!
Sigh...
Hello?



...
Yes, this is Professor Kim.
How may I--

HE WHAT?

KOKOMO
POLICE
POLICE



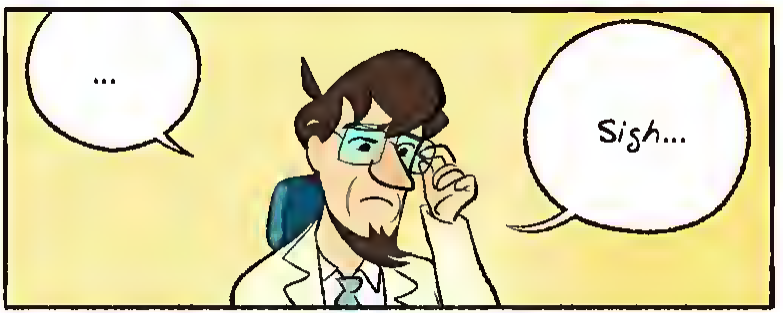
The officer said he caught you wandering around on top of the Baltissippi Bay Bridge.

They thought you were a terrorist, Oliver.
They were afraid you went up there to plant a bomb or something.
We're lucky you got off with a warning.

Sigh...
I'm sorry.
I'm scolding you like I'm your father or something.
I know you hate that...

Aren't you going to say anything?

Please, Oliver.
Just one word.
The silence has been killing me.



...
Sigh...

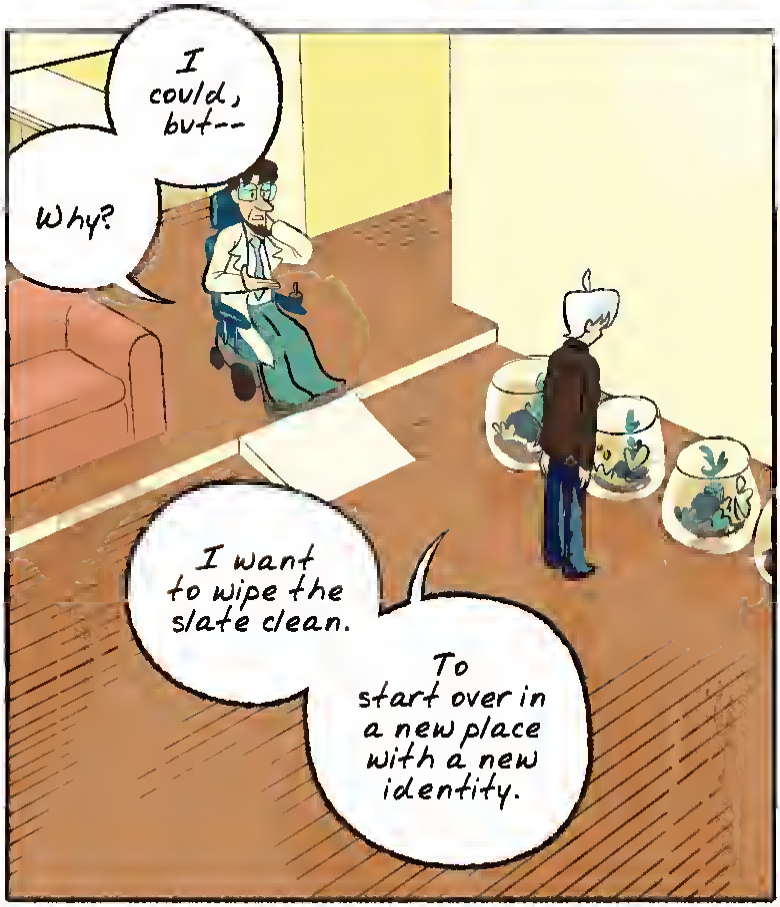
I--

I want to leave Kokomo.

What?

Can you ask HQ to relocate

us?



I could, but--
Why?
I want to wipe the slate clean.
To start over in a new place with a new identity.

You want to run away.
Bottling up your emotions hasn't been enough.

Don't give up so easily, Oliver.
You still have options.
Why don't you reach out and talk to Amy?
Just because you can't tell her everything about your life, doesn't mean you can't be friends with

her.

I think she'd be willing to accept you, secrets and all.

She cares more about you than about getting her questions answered.

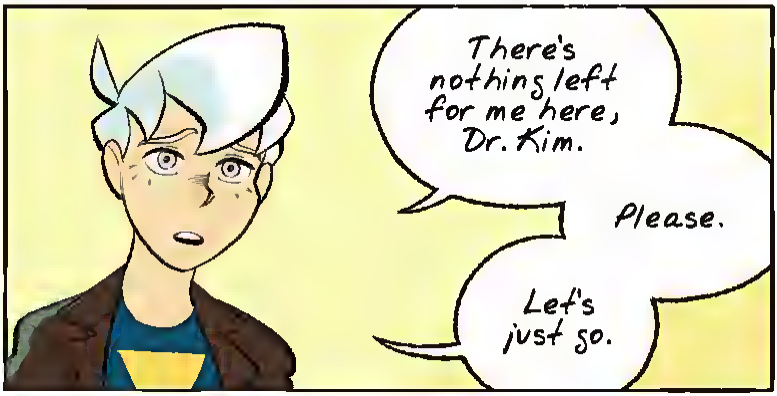
She's just that kind of person.

CRASH!!

You really think

I'd be willing to risk Amy's life like that?
Just to be friends with her?

One slip of my tongue and Commander Saito would send an agent to kill her.



There's nothing left for me here, Dr. Kim.
Please.
Let's just go.

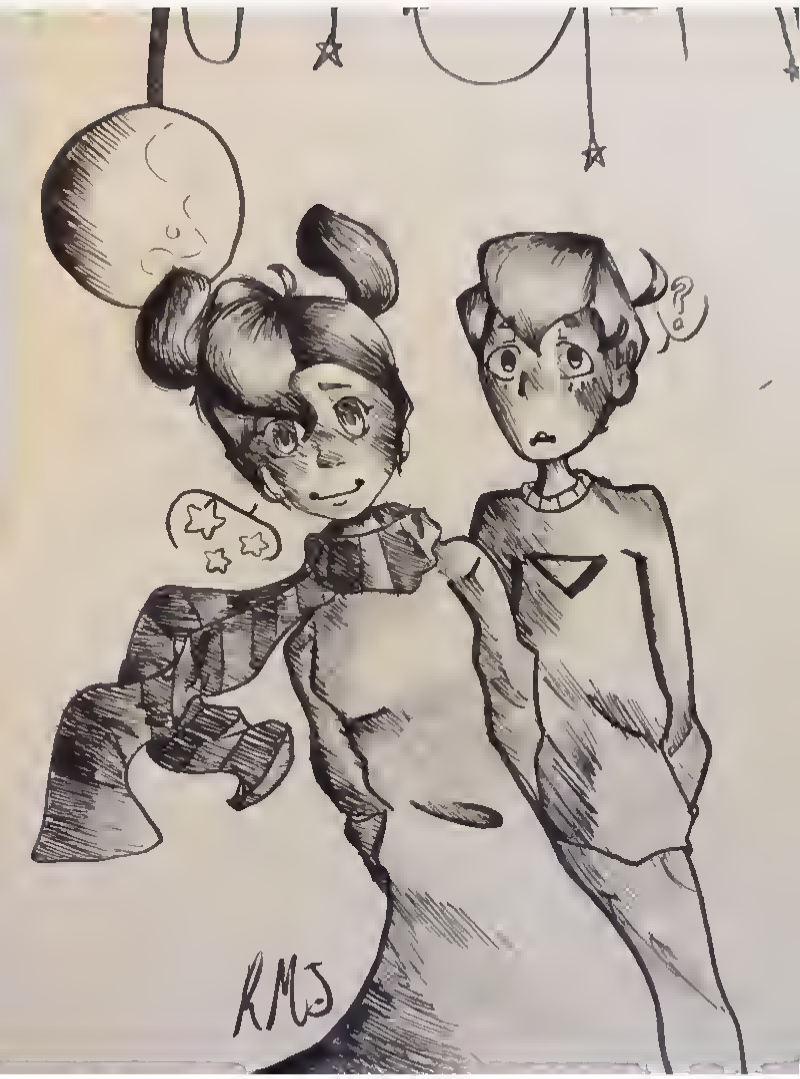
Marianne

Au

Becky

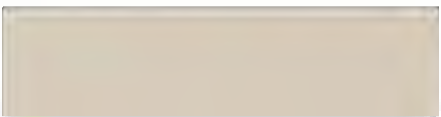
"I decided I wanted to do a fan art for

spaceboy! ^^ It probably sucks though because Im only thirteen and I have a weird style"



Meredith

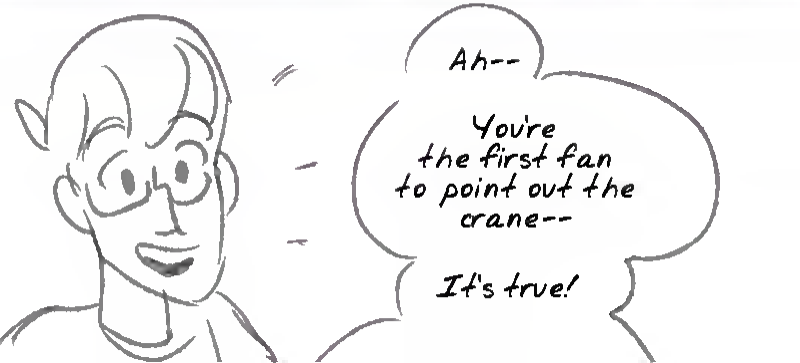
"I took the idea of Amy being a time traveler so here is Amy in the 1985's. Fashion from 30 years ago. I hope you enjoy!"



Rahul

"I always thought that the crane or stork that you keep showing has a greater meaning, so here is my . . .
Oliver the crane XD"

Rahul



Ah--
You're the first fan to point out the crane--
It's true!

Ellen

"Hello! My name is Ellen and I really enjoy Space Boy. So much so that I had to cosplay as Amy at San Japan this year. I made the wig myself! It was a struggle getting those gravity-defying ponytails to stay gravity-defying. Thank you for making my Thursdays a little bit better!"

Wow, the first Amy cosplay!
This is so cute-- you did such a great job!
Thank you!
